## Dear Customers

This is just a selection of our most popular BBQ meats. In our opinion you can pretty much barbeque any meats you want, there is no rules. Whether its mixed meat kebabs or your own special recipe burgers or even a rib of beef on the bone. If you like it, do it. We can't cater for everyone's requirements, but we can supply the meat and advice. We also like to hear your own recipes and ideas.

We hope all your summer Barbeques are a feast of flavour.

Enjoy!
